CLARITY Casement Windows

Performance & Style

Our Clarity casement window offers you the very best in performance and style, with a range of colours and options to suit your needs. Whether you want traditional cottage style windows with Astragal bars, or contemporary equal sightlines and modern handles, our Clarity window system is able to suit your home.

Traditional Look, With Modern Technology

Whether modern or traditional, the Clarity window can be customised to suit your property, with both woodgrain and colour foil options (both for inside and outside), along with matching hardware. Whether it's a monkey tail handle, or Georgian bars, we have the perfect window for you.

Perfect Symmetry, **with Modern Security**

Never compromise on performance.

All of our windows feature high security, multi-point locking systems as standard, combined with exceptional energy performance and exquisite wood or painted finishes that provide a long life and low maintenance. Combined with award-winning aesthetics, these are just some of the state-of-the-art features that set a Clarity window apart.

Protection and safety is important to everyone, therefore the Clarity range places great emphasis on security with comprehensive locking systems and shoot bolts top and bottom that are tough enough to cope with the stresses and strains of modern life. Clarity also has a host of practical features such as egress/easy clean hinges for easy cleaning, and easy fire escape.

Another benefit for choosing Clarity is that the window requires a very low level of maintenance to keep it looking in pristine condition at all times.

Extensive designs to complement **every home**

Now that you have considered our window ranges, it is time to think about the finishing touches, so first consider your hardware choices.

Window Furniture

Our window handles have not only been designed to work effortlessly with our Clarity window range, but also to be ergonomically pleasing to use.

- **Handles ranges to suit all budgets**
- **Standard, traditional and contemporary styles**
- **Decorative peg stays available**
- **Secure locking handles as standard**
- **Warranties offered on all handles ranges.**

Colours & Finishes

Our standard internal colour is white woodgrain. This beautiful combination ensures that the internal face is neutral and will compliment any interior design styles, however should you wish to have both sides of your windows featuring a timber or painted colour finish, this can be created for you.

In addition to our collection of classical timber finishes, we can also paint your windows to one of over 200 RAL colours using our in-house colouring facility.

“Our French Doors create an extensive opening, letting the light flood in and allowing unrestricted access to your outdoor living space.”

Traditionally Styled **Clarity French Double Doors**

Our superb handcrafted French Doors can truly transform your home, flooding it with an abundance of natural light, as well as providing easy access to your garden or patio.

Whether traditionally styled, contemporary or a character property, Clarity tailor make our French Doors to perfectly compliment your home. Our French Door collection is available in a wide range of styles and finishes to choose from, to complement the unique style and character of your home.

Our French Casement Doors - or 'Double Doors' are a charming addition to any home. Each and every Clarity door is made-to-order, incorporating either full height glazing or solid panels, they create an extensive opening, letting the light flood in and allowing unrestricted access to your outdoor living space or balcony.

As you would expect, the Clarity range of French Doors have been meticulously designed to provide outstanding security and energy performance. Each door is equipped with high security multi-point locking systems to ensure total peace of mind, whilst the advanced materials that go into our frames and glazing deliver an equally impressive energy performance - without compromising on style.

The Finishing Touch

The right choice of accessories can transform your door into a real statement about your style.

We offer a highly desirable range of door hardware that has been carefully selected to complement our door styles and designs.

Superior Security

All of our Clarity doors are supplied with high security multi-point locking built into the door. The locks and cams engage in 10 different positions to give maximum protection to your home and belongings. The cylinders used are also high security and boast features such as anti-drill, anti-snap, anti-pick and anti-bump to help keep unwanted intrusion at bay.
